

Books/Research Publications

1. Abdul Naser Abdul Ghani, Md Azree Othuman Mydin And Noor Faisal Abas (eds.), 2011, Proceedings of International Building and Infrastructure Technology Conference 2011 (ISBN 978-967-394-029-5), School of HBP, USM, 462
2. Sharifah Norhaidah Syed Idros, **A. Naser Abd Ghani**, Rusli Jamaluddin, Hairul Nizam Ismail, Aswati Hamzah, Zakiah Mohamad Ashari. (2010). *Developing a Safe and Sustainable Preschooler Play Area Integrating Blended Play and Learning Elements*. BERU Publications No. 17/2010. School Of Educational Studies; USM. ISBN 978-967-5467-57-8
3. Sharifah Norhaidah Syed Idros, **A. Naser Abd Ghani**, Hairul Nizam Ismail, Aswati Hamzah, Zakiah Mohamad Ashari. (2009). *Ke arah membina persekitaran pengajaran dan pembelajaran yang selamat di taman permainan prasekolah*. BERU Publications. School Of Educational Studies; USM. ISBN 978-983-2700-87-6
4. **A. Naser Abdul Ghani**. (2008). Planning, Design and Construction of Road and Highways. Teaching Module. 4TH Ed.
5. **A. Naser Abdul Ghani**, M. Farid Ahmad and Noor Faisal Abas (Editors).(2007). Proceedings of Malaysian Infrastructure Technology Conference 2007. Infrastructure Technology Research Unit. USM. ISBN 978-983-3986-19-4. 168 pages.

REFEREED JOURNAL AND PROCEEDINGS

1. Wan Nur Syazwani W.M, A. Naser Abdul Ghani, 2011, GIS BASED STUDIES OF GEOTECHNICAL PROPERTIES FOR LAND DEVELOPMENT PLANNING AND DESIGN , Proceedings of International Building and Infrastructure Technology Conference 2011 (ISBN 978-967-394-029-5) , Penang, Malaysia, 10
2. **Abdul Naser Abdul Ghani**, Mohd Wira Mohd Shafiei and Mohd Yahaya Mohd Daud (2010). The Consequence of MSMA on Drainage Construction Costs. Proceedings of 4th International Conference on Built Environment in Developing Countries. Penang, Malaysia. Pp. 1001-1012 (ISBN 978-983-3986-606).
3. Muhammad Zuhaer Abdulameer and **Abdul Naser Abdul Ghani**. (2010). The Development of a Newly Designed Concrete Armour Unit for Rubble Mound Breakwaters. Proceedings of 4th International Conference on Built Environment in Developing Countries. Penang, Malaysia. Pp. 899-909 (ISBN 978-983-3986-606).
4. Chow, S.H., Norshida Ismail and **Abdul Naser Abdul Ghani** (2009). *Shear Strength Characteristics of Sand-Waste Material Mixture*. Journal of the Institution of Engineers Malaysia. Vol 70. No.1 March 2009. pp 36-43.
5. Chow, S. H., Chow, S. T., Ghani, A. N. A and Ibrahim, Anas (2008). Development of a Laboratory Model Retaining Wall Test Facility. Proceedings of International Conference on Science & Technology: Application in Industry & Education, Penang, Malaysia, pp. 216-222. (ISBN: 978-983-42204-1-9)
6. **A. Naser Abdul Ghani** (2007). Use of Scrap Tire as Lightweight Material in Civil Engineering Infrastructure Works. In Proceedings of Malaysian Infrastructure Technology Conference 2007. Infrastructure Technology Research Unit. USM. ISBN 978-983-3986-19-4. p 129-136.

7. Chow Shio Huey, Anas Ibrahim and **A. Naser Abdul Ghani** (2007). Investigation on Compressive Strength of OPC-Waste Material Geocomposite. In Proceedings of Malaysian Infrastructure Technology Conference 2007. Infrastructure Technology Research Unit. USM. ISBN 978-983-3986-19-4. p 107-114.
